**WE NEED YOUR HELP!  
GET INVOLVED!**

**Background:** Animal Response Teams are developed nationwide to provide volunteer support and expertise to assist in a disaster. The City of FFBS in the process of developing our Animal Response Team (I ART). This team is a very integral part of any disaster response involving animals. Since the 2011/2014 tornadoes, we realize the extreme effort that is needed by educated and experienced volunteers to ensure that our community is cared for.

**What We Need:** The I ART is seeking individuals (especially in the veterinary field) who are interested in volunteering in the event the ART is activated during a disaster.

**What You Need to Do:** Becoming a volunteer for ART simply means that --- you are a volunteer. The registrations process is easy!

Fill out a Volunteer Registration form and give it to an ART staff member,

!  
!  
!  
!

We will contact you regarding training and activation. By registering and completing the ART training, you will be eligible to be contacted in the event of a disaster/emergency and appropriately identified as an individual who should be allowed to assist with animal response activities.
